"Enjoying learning and school life"

Welcome Back to Oaklands School!

We are delighted to welcome both new and returning students as we begin another promising academic year at Oaklands School. It's wonderful to see everyone back after the summer break, ready to embark on new learning adventures. This year, we are looking forward to offering a range of exciting activities, trips, and new experiences that will enrich our students' learning journeys even further.

Please note that our regular newsletter will be back in full swing next week, where we'll be sharing updates, including photos showcasing the creative and engaging projects your children are involved in across their lessons. We also have some exciting new initiatives in the pipeline, which we'll be revealing at the appropriate time. Thank you for your continued support, and we look forward to making this year a rewarding and successful one for everyone!

Best wishes,
Georgios
